- 7340 D. G. Ryse at Islip Oxfordshire 30<sup>th</sup> March in answer to M<sup>r</sup>. Remond's Inquiries that D<sup>r</sup>. South's Scholars at Islip are not to be fewer than fifteen nor more than twenty One that of the Other Children who are for their Instruction perhaps some of the Boys may be Employed in Seed time but most of the Boys and Girls will be Employed in Harvest when D<sup>r</sup>. South's Scholars are allowed by his Statute to break up for a Month, that he has known a Gentlewoman board at one of the Farmers for five Shillings a week and School Boy Boarded very well at Oxford at 10 a Year and he believes at that at most Twelve pound a Year a person may be Boarded at Islip.

Store's Friend and to secure good Impressions hereafter he suggests among other Expedients that the Mulet should be Imp<sup>ro</sup> for every fault to be paid to him who shall discover it after the Publication and also that no Bible was to be sold under 22 or 2 in Quires because a Contest between the Kings Printers and the Company of Stationers (who then had the University Privilege) who should be cheapest was the first Cause of having them so badly printed, That the Cause of Complaint now arises not so much from the Price as from the bad Letter bad Paper and bad workmanship.

7485. *Rev. Sandilands at Green Berks* 1. July. That he had desired Mr. Old a Chair-maker at the sign of the Chair in S<sup>t</sup> Pauls Chh<sup>l</sup> yard to pay 12<sup>s</sup> for the last packet he had receiv'd and 40<sup>s</sup> as a Benefaction to the Society for propagating the Gospel.
7486. *Ld. Bp. Sedor & Man London.* 2. July. That the 2 Books recommended to his Perusal are both very usefull for the Native but that intitled S<sup>t</sup> Pauls Religion &c. seems the most usefull at this time a day.
7487. *Salom Negri London* 3. & 5. July. That he is very glad the Society have consulted some persons upon the Arabick Characters besides himself, but he wishes the Gent. consulted were capable of more Judgment in the matter. That Mr. Xeres and Mr. Jones are both his friends but as they have been conversant only in the Arabick used in Barbary they are little acquainted with the Gust of the Eastern Arabians.
7488. *John Gagnier at Oxford* 3. July. That the University Arabick Types are free to any who have occasion to use them and he should be glad to afford with what assistance in the case of correcting for the Press, as would likewise the Rev. Mr. Hunt Vice-President of Hart Hall the only person at Oxford who besides himself is concern'd with Oriental Characters. That what other Encouragement the Society may expect from that University he cannot tell, but the Vice-Chancellor and the Deligates for the Printing House are the proper persons to be consulted on that Occasion
7489. *Sam. Lisle at Croydon Surry.* 3. July. That he receiv'd the Arab. Balthar on Saturday was tenight and shall consult Mr. Mayo about the first Opportunity of attending the Society with it. That there is more than one Copy of the Balthar come, and therefore the most beautiful Copy may be kept from coming in the hands of the printer. That as to the place of Printing Oxford or London may be best, he declines giving his Opinion because there are so many Gent. of the Society better able to Judge of it.

402 Arth: Bedford at Reading Berks 11<sup>th</sup> July. That he had seen the Copy of y<sup>e</sup> Arabic Psalter in 8.<sup>vo</sup> lately sent from Aleppo, at S<sup>r</sup> John Philippi's and find by comparing it with y<sup>e</sup> Polyglot, that there is so great a Correspondence between 'em that it will be very easy to those that understand Arabic to correct One by the other and therefore if the Society are pleas'd to send him by the Post a Proof of the first Sheet of y<sup>e</sup> Psalter when it has undergone the Corrections of others he will return it as soon as possible with his Thoughts upon it. That Dr Wotton in a Letter blam'd Mr Negri because in his Specimen on the ten Commandments that there is this Word וַיִּשְׁבְּ and he caus'd them to rest instead of וַיִּשְׁבְּ and he rest'd that he had consulted the Polyglot Bible thereon, and finds it to be a Mr Negri has printed it, ~~and~~ the Latin Translation of y<sup>e</sup> Arabic being et concessit his Requirum which shows that Mr Negri is not to be blam'd for leaving it as he found it. in the 20<sup>th</sup> of Exodus.

7492. W<sup>m</sup> Tillard Esq. London 10<sup>th</sup> July. That he had therewith return'd the Society's Acct with Mr Cox, which he takes to be right; that he had examin'd Mr Turner of Stamford's Acct. and finds there is still due from him £119. 4 <sup>1</sup>/<sub>2</sub>. 7494. Rob: Powell at Wilton Glamorganshire 6<sup>th</sup> July In answer to y<sup>e</sup> Society's of y<sup>e</sup> 29<sup>th</sup> June that he is convinc'd of his Mistake in expecting Welch Bibles at y<sup>e</sup> price of English according to y<sup>e</sup> Rules of y<sup>e</sup> Society. That as his conscience will not suffer him to sell them, so he hopes y<sup>e</sup> Society will make him Amends in y<sup>e</sup> next Annual Packet, by sending him some of their best Books, and finally crave their Directions when to pay y<sup>e</sup> Charge of y<sup>e</sup> last Packet. Viz £117. 3.

7495. Godfr: Washington at Peter House Cambridge 9<sup>th</sup> July. That upon y<sup>e</sup> Society's Request he had made it his Business to enquire whether y<sup>e</sup> Arabic Psalter could be printed there; But that Mr Crowfield y<sup>e</sup> Printer told him he had not Types sufficient for it. That therefore y<sup>e</sup> Society would do well to apply to y<sup>e</sup> University of Oxford, where y<sup>e</sup> Life of Mahomet had been lately printed in Arabic and Latin, and may therefore be supposed to have Types enough for y<sup>e</sup> Work desired.

7496. Philip Cholmondeley London. 15<sup>th</sup> July. That he has 1000. Questions and answers sent him to be stich'd for y<sup>e</sup> Society's use. 7510. Sam. Lisle at Exydon Surrey 22. July. in Answer to y<sup>e</sup> Society's Letter of y<sup>e</sup> 16<sup>th</sup> Curr<sup>t</sup>. that, finding he cannot be at y<sup>e</sup> next Committee of y<sup>e</sup> Society, he had called yesterday upon Mr. Mayo, and discoursed with him upon all y<sup>e</sup> Particulars of y<sup>e</sup> Letter aforesaid. That Mr. Dadichi seems <sup>very</sup> well qualified for correcting y<sup>e</sup> Arabic Impressions, and that y<sup>e</sup> Acct. he gives of himself discovers an Air of Sincerity and seems sufficiently credible; but yet y<sup>e</sup> Society would do well to consider whether it be prudential to intrust an Affair of such Consequence as y<sup>e</sup> Arab. Impressions with him and Mr. Negri who are both Strangers and ~~have~~ have been Members of y<sup>e</sup> Church of Rome: That therefore to avoid all Difficulties he humbly proposes to y<sup>e</sup> Society to join one Englishman in Commission with them, and such a One of whose Abilities & Sincerity they are well assured, and that this Person have y<sup>e</sup> last View of every Sheet. That the Society there has recovered 1400. £. out of y<sup>e</sup> Hands of a Papist, one De la Mar, which would be applyd to y<sup>e</sup> bringing up Popish Children in y<sup>e</sup> Protestant Faith, whereas it had been usd to y<sup>e</sup> quite contrary Design. 7523. *Salomon Negre*. London 31<sup>st</sup> July. that he had been yesterday with Mr. Carlson and confer'd with him upon <sup>the</sup> Use of <sup>the</sup> Orthographical Notes in <sup>the</sup> Arab<sup>c</sup>. Characters. That they are not to be met with in *Arabic* Works, which they then purposely examined. That Mr. Carlson thought <sup>the</sup> using them in printing almost impracticable because <sup>the</sup> Types of them being of Necessity to be made very small, would for that Reason be perpetually breaking and give <sup>the</sup> Compositor infinite trouble. And that <sup>the</sup> Mark II (*Gannum*) requiring to be plac'd sometimes a Good some times below Words <sup>they</sup> would necessitate such a Widening between some Lines and others as would destroy their proportional Distances. And Mr. Negre being satisfy'd that the printers of *Arabic* omitted them for these Reasons he thinks it best to follow their Example.
